## Is Market Scoping required for Direct Acquisition under RA No. 12009?

Yes. Market Scoping is still required, but it does not need to be as extensive or detailed compared to other procurement activities. Since Direct Acquisition under RA No. 12009 allows procurement without securing multiple market quotations, the Market Scoping Form may simply record the basic justification for direct purchase, such as:

- the availability of the item,
- its price as offered, and
- the legal basis for resorting to Direct Acquisition.

Unique solution ID: #1007
